

DRAW HERE

Living on board

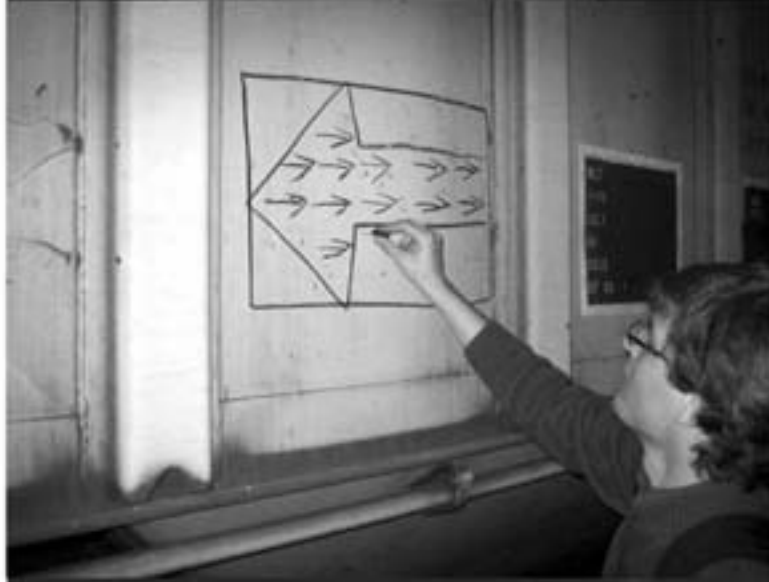

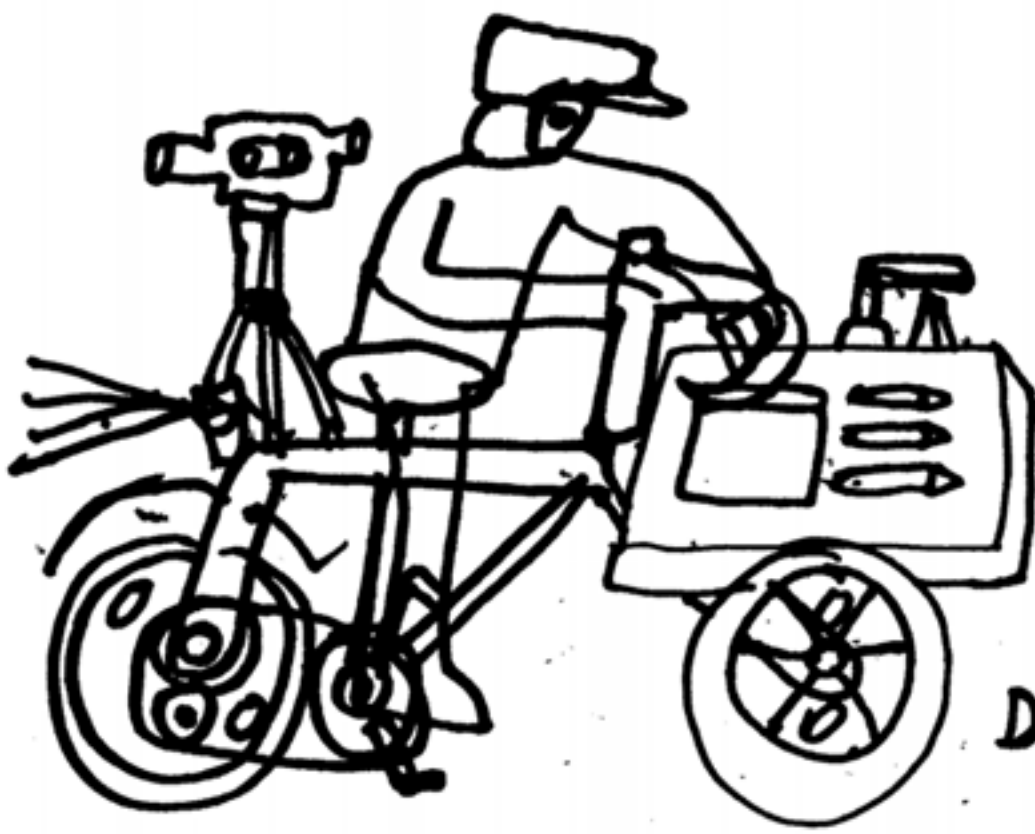

Here you can see my Drawpassing drawings painted directly on the walls of the gallery and my Drawpassing heli-cycle. It is installed inside but can be used outside of the gallery space from any visitor. By using my bicycle any rider can become a video and Drawpassing artist of his own and becomes part of the show. The paddles are used as wings and turn around 360 degrees if you ride the bicycle. A microphone, camera, boxing gloves and a new pair of running shoes are installed. The bicycle records everything around you and your tour is broadcasted inside the gallery.

# MOBILESTO (MANIFESTO)

- "don't work (discourage)" → see (encourage)
- 3000 km → fly 2 times ≈ 1800 km → same distance to overcome in United States (idea → reality, expected, done!)
- 3 months ideas for 3 years →
- 3 minutes 990 / 500 min film about discovering "less, more precise, less realistic, simplicity is misguiding" (sometimes)

→ chose one / several topics
